

Corporate Governance Statement

Prominence Energy Ltd (“Prominence” or “the Company”) and the Board are committed to achieving and demonstrating the highest standards of corporate governance. The Board continues to review the framework and practices to ensure they meet the interests of Shareholders. The Company and its controlled entities together are referred to as the Group in this statement. A description of the Group’s main corporate governance practices is set out below.

The Principles and Recommendations of the ASX Corporate Governance Council (4th Edition) are noted as:

Principle 1:	Lay solid foundations for management and oversight
Principle 2:	Structure the Board to be effective and add value
Principle 3:	Instil a culture of acting lawfully, ethically and responsibly
Principle 4:	Safeguard the integrity of corporate reports
Principle 5:	Make timely and balanced disclosures
Principle 6:	Respect the rights of security holders
Principle 7:	Recognise and manage risk
Principle 8:	Remunerate fairly and responsibly

The Council has clarified the “if not, why not” approach to compliance. Non-compliance with one or more of the recommendations does not in itself indicate that the Company’s corporate governance practices are deficient. Investors and other market participants should consider the explanation given by the Company as to why it has chosen not to comply with a recommendation and evaluate the Company’s practices in light of that explanation and the Company’s overall governance framework.

The Statement reflects the Company’s position during the financial year ended 30 June 2024 and up to 30 September 2024.

Principle 1: Lay solid foundations for management and oversight

1.1) Roles and responsibilities

The relationship between the Board and Management is critical to the Group’s long-term success. The Board is responsible to the Shareholders for the performance of the Group in both the short and long term. The Board seeks to balance sometimes competing objectives in the best interests of the Shareholders and the Group as a whole, by carrying out responsibilities diligently in accordance with the law. The Board’s focus is to enhance the interests of Shareholders and other key Stakeholders and to ensure the Group is properly managed. The Board provides guidance to Management whilst overseeing and monitoring the Group’s corporate strategy, financial performance and the effectiveness of the Company’s governance practices. Management is directly accountable to the Board in delivering timely, accurate, relevant and clear information to enable the Board to efficiently perform its responsibilities. Management is responsible for operating within the relevant regulations and the risk appetite set by the Board to propose strategic objectives whilst supporting the Chief Executive Officer (“CEO”) in handling day-to-day business commitments of the Group’s affairs.

Role of the Chairperson

The Chairperson is responsible for leading the Board, ensuring Directors are properly briefed in all matters relevant to their role and responsibilities, facilitating Board discussions and managing the Board’s relationship with the Company’s Senior Executives. The focus should be on ensuring that the Board and the CEO act in an ethical manner with strong values that support the governance principles of the Company.

Role of the CEO

The CEO is responsible for implementing Group strategies and policies. The CEO is primarily responsible for the day-to-day running of the business and to ensure accurate and timely reporting to the Board. The CEO is delegated with the responsibility of managing the personnel and finances of the Company with the exception of any roles deemed important enough to involve the Board or its committees. The CEO is also required to be present at meetings of the various committees of the Board that meet from time to time.

The respective roles and responsibilities of the Board include:

- Providing strategic guidance to the Group including contributing to the development of and approving the corporate strategy.
- Reviewing and approving business plans, the annual budget and financial plans including available resources and major capital expenditure initiatives.
- Overseeing and monitoring:
 - Organisational performance and the achievement of the Group's strategic goals and objectives.
 - Compliance with the Company's codes of conduct.
 - Progress of major capital expenditures and other significant corporate projects including any acquisitions or divestments.
 - Financial performance including approval of the annual and half-year financial reports and liaison with the Company's auditors.
 - Effectiveness of the Company's governance policies and procedures.
- Appointment, performance assessment and, if necessary, removal of the CEO.
- Ratifying the appointment and/or removal and contributing to the performance assessment for the members of the Senior Management team including the CFO and the Company Secretary.
- Ensuring there are effective management processes in place and approving major corporate initiatives.
- Enhancing and protecting the reputation of the organisation.
- Overseeing the operation of the Group's system for compliance and risk management reporting to Shareholders.
- Ensuring appropriate resources are available to Senior Management.

The respective roles and responsibilities of Management include:

- Daily management of the Group's affairs.
- Propose strategic corporate objectives for the Board's approval to put into action.
- Policies and procedures initiatives.
- Handling day-to-day commitments conforming to the Company's framework, relevant laws and regulations.
- Implementing and monitoring risk management.
- Securely maintaining important records and documentation.
- Assisting with signing of contracts, agreements and other documentation.
- Executing property transactions including leases, sales and acquisitions.
- Supervising of operations conducted at project sites.
- Carrying out vital tasks set by the Board.
- Analysis and interpret relevant oil and gas trends and environmental conditions in operating regions.

1.2) Appointment and re-election of Directors

Under the Constitution the minimum number of Directors is three and the maximum is ten. Directors are not appointed for a fixed term.

The composition of the Board is reviewed when a new Director is to be appointed, to ensure that a diverse range of skills, experience and expertise is maintained for the Board to properly fulfil its responsibilities. The Board identifies its needs and prepares a short-list of candidates with appropriate skills and experience. Where necessary, advice is sought from independent search consultants. The appointment of a new Director will be considered by the full Board.

The Board will identify and approach potential candidates they consider to be valuable to the composition of the Board. Once the Board has identified a candidate, formal interviews will be conducted by each member of the Board, in person or over conference call, to assess their character and integrity. Candidates must disclose to the Board details of any association they have that may influence independent judgement. Background checks are conducted upon consent of the candidate to support the Board's assessment in determining whether the candidate will act in the best interest of the Company and its Shareholders. Reference checks are run to confirm their experience, qualifications and education listed on their resumes are accurate. Legal verification in Australia is also obtained to confirm they have no criminal record or bankruptcy history. The full Board then appoints the most suitable candidate who must stand for election by Shareholders at the next annual general meeting of the Company.

A Company announcement is released to the market subsequent to the appointment of a new Director. The announcement provides information on the decision and purpose of appointment and the Director's range of expertise and experiences. The announcement will also disclose the Director's shareholding in the Company as well as remuneration details and material terms.

The Board's nomination of existing Directors for re-appointment is not automatic and is contingent on their past performance, contribution to the Company and the current and future needs of the Board and Company. At each Annual General Meeting one third of the Directors other than the Managing Director must retire by rotation, with those serving the longest retiring first. Retiring Directors may stand for re-election. The Company will provide Shareholders with all material information on whether they support the re-election.

1.3) Terms of appointment

Non-Executive Directors receive formal letters of appointment setting out the following:

- The Company's expectations for the position regarding involvement with committee work and other duties.
- Time commitment.
- Remuneration entitlements.
- Disclosure requirements
- Confidentiality obligations.
- Director's ongoing rights.
- Terms and conditions of their employment.
- Indemnity and insurance arrangements.

Executive Directors are employed pursuant to employment agreements setting out the information above as well as the following:

- Responsibilities and duties involved in the position.
- Who they report to.
- Termination circumstances.
- Entitlements on termination.

Directors and Board committees have the rights, in connection with their duties and responsibilities, to seek independent professional advice at the Company's expense. Prior written approval of the Chairperson is required, but this will not be unreasonably withheld. The Company will reimburse the Director for the reasonable expense of obtaining that advice.

1.4) Role of the Company Secretary

The Company Secretary plays a crucial role ensuring the Board and its committees run successfully under relevant legislation and regulations. They are required to organise timely completion and dispatch of Board and committee meeting agendas, and papers to all members of the Board at least three days before the meeting commences. The Company Secretary acts as a servant at Board and committee meetings, monitoring that the Board follows the agenda and briefing materials whilst complying with the Company's policies and charters. They are responsible to address the Board, through the Chair, on any governance matters or affairs that effect ethical functioning of the Board. Accurate minutes reflecting Board and committee meetings are produced by the Company Secretary and circulated to the Directors for approval.

1.5) Diversity policy summary

The Company has established a diversity policy, which includes requirements for the Board to establish measurable objectives for gender diversity where practical, and for the Board to assess annually both the objectives and progress in achieving them.

The Board does not intend to set measurable gender diversity objectives because the Board believed that, given the size of the Company and the board, doing so would unreasonably restrict the Company's ability to implement its diversity policy as a whole and its policy of appointing staff based on qualifications and merit. The Board will consider setting measurable objectives as the Company increases in size and complexity.

The proportion of woman employees and contractors in the whole organisation and woman on the Board at the date of this report is set out in the following table:

As at the date of this statement	Proportion of women
Whole organisation	1 out of 7 (14%)
Board	0 out of 5 (0%)

The Company's current business model means that it is not likely that the Company will be required to employ large numbers of employees in the future. As such, the ability of the Company to introduce formalised programmes to make substantive changes is limited and any objectives set by the Board are likely to be influenced by this structure.

The Diversity Policy is available in the corporate governance section of the Company's website.

Performance assessments

1.6) Performance assessment of the Board and its Committees

The Board is required to undertake an annual Board performance review and consider the appropriate mix of skills required by the Board to maximise its effectiveness and its contribution to the Group. The Board also undertakes an annual self-assessment of its collective performance, the performance of the Chairperson and of its committees. The assessment also considers the adequacy of induction, access to information and the support provided by the Company Secretary. The results and any action plans are documented together with specific performance goals which are agreed for the coming year.

During the year the Company undertook an informal assessment of the Board and its Committees.

1.7) Performance assessment of Senior Executives

The Chairperson undertakes an annual assessment of the performance of the CEO and meets privately to discuss this assessment. The CEO has an annual performance review completed by the Board. A Director's Questionnaire Evaluation of CEO Performance, is completed and discussed as part of this process.

Principle 2: Structure the Board to be effective and add value

The Board composition as at the date of this statement consists of the following Directors:

Mr Ian McCubbing	(Independent, Non-Executive Director and Chairman)
Mr Alexander Parks	(Managing Director and Chief Executive Officer)
Mr Bevan Tarratt	(Executive Director)
Mr Troy Hayden	(Independent, Non-Executive Director)
Mr Quinton Meyers	(Independent, Non-Executive Director)

During the year and up to the date of this statement, the Board comprised of both Executive and Non-Executive Directors with a majority of Non-Executive Directors. Non-Executive Directors bring a fresh perspective to the Board's consideration of strategic, risk and performance matters.

The Chairperson is elected by the full Board and is required to communicate regularly with the CEO. The Company aims to maintain a mix of Directors on the Board from different backgrounds with complementary skills and experience.

The Board seeks to ensure that:

- At any point in time, its membership represents an appropriate balance between Directors with experience and knowledge of the Group and Directors with an external or fresh perspective.
- The size of the Board is conducive to effective discussion and efficient decision-making.

Details of the members of the Board, their experience, expertise, qualifications, term of office, relationships affecting their independence and their independent status are set out in "Board of Directors and Management" section of the Company's website.

Board Committees

The Board has established a number of committees to assist in the execution of its duties and to allow detailed consideration of complex issues. Current separate committees of the Board are the audit and risk committee and the remuneration committee. The committee structure and membership are reviewed on an annual basis. A policy of rotation of committee members applies where possible. Each committee has its own written charter setting out its role and responsibilities, composition, structure, membership requirements and the manner in which the committee is to operate. All matters determined by committees are submitted to the full Board as recommendations for Board decisions. The commitments of Non-Executive Directors are considered by the Board prior to the Director's appointment to the Board of the Company. Minutes of committee meetings are tabled at the subsequent Board meeting. Additional requirements for specific reporting by the committees to the Board are addressed in the charter of the individual committees.

2.1) Nomination Committee

The Company does not have an existing Nomination Committee as suggested in Recommendation 2.1. As the whole Board only consists of three members up to 5 September 2024, it was considered a more efficient mechanism for the full Board to focus on the Company on specific issues. With the increase in the Board to five directors on 6 September 2024, the Board will re-assess the need, and composition of, a Nomination Committee during the current financial year.

The Board addresses all nomination matters at regular Board meetings, considering the overall balance and efficiency of the Board's composition and size. The Board considers and reviews both Director succession and CEO succession plans to ensure the Board maintains an appropriate and wide range of skills and experience across the Board. The Board also addresses and makes recommendations for induction procedures, professional development programmes, recruiting processes, appointment and re-election of Directors. In the event a new Director is required, all members of the Board partake in the process of identifying potential candidates and are required to advise other Board members of their search processes.

2.2) Skills Matrix

The Company recognises the importance of having an appropriate mix of expertise and experience on its Board and Committees to enable it to effectively discharge its corporate governance and oversight responsibilities.

The Board accordingly seeks to achieve a balance in its structure that best reflects the needs of the Company at any particular time.

Appointment to the Board will be dependent on candidates demonstrating an appropriate breadth of experience in a field of expertise that is relevant to the ongoing supervision of the Company's affairs. This diversity of experience may include a commercial, technical, legal, corporate finance, business development or other background as the Board and management determine as part of its selection processes. The current Board composition addresses these desired skills, with further and full details of each director's skills and experience noted in the Directors' Report of the Company's 2024 Annual Report.

The Board continues to assess and monitor this evaluation. The policy and process for the nomination, selection and appointment of new directors is available on the Company's website.

Director’s Independence

The Board has adopted specific principles in relation to Director’s independence. These state that when determining independence, a Director must be a Non-Executive and the Board should consider whether the Director:

- Is a substantial Shareholder of the Company or an officer of, or otherwise associated directly with, a substantial Shareholder of the Company.
- Is or has been employed in an Executive capacity by the Company or any other Group member within the last three years.
- Within the last three years has been a principal of a material professional adviser or a material consultant to the Company or any other Group member, or an employee materially associated with the service provided.
- Is a material supplier or customer of the Company or any other Group member, or an officer of or otherwise associated directly or indirectly with a material supplier or customer.
- Has a material contractual relationship with the Company or a controlled entity other than as a Director of the Group.
- Is free from any business or other relationship which could, or could reasonably be perceived to, materially interfere with the Director’s independent exercise of their judgement.

Materiality for these purposes is determined on both quantitative and qualitative bases.

The Board assesses independence each year. To enable this process, the Directors must provide all information that may be relevant to the assessment. In the event that a potential conflict of interest may arise, involved Directors must withdraw from all deliberations concerning the matter. They are not permitted to exercise any influence over other Board members.

2.3) Directors independence and length of service as at the date of this statement:

Director	Independence	Length of service
Mr Ian McCubbing	Assessed as independent	1 years & 9 months
Mr Alexander Parks	Assessed as non-independent	2 years & 9 months 6 years & 11 months (as MD & CEO)
Mr Troy Hayden	Assessed as independent	3 years and 2 months
Mr Bevan Tarratt	Assessed as non-independent	3 weeks
Mr Quinton Meyers	Assessed as independent	3 weeks

2.4) Independence across the Board

The majority of the Board are deemed as independent Directors.

2.5) Independence of the Chairman

In recognition of the importance of independent views and the Board’s role in supervising the activities of management, the Chairperson Mr Ian McCubbing is an independent Non-Executive Director.

2.6) Induction of new Directors and Senior Management

The induction provided to new Directors and Senior Managers enables them to actively participate in Board decision-making as soon as possible. It ensures that they have a full understanding of the Company’s financial position, strategies, operations and risk management policies. It also explains the respective rights, duties, responsibilities and roles of the Board and Senior Executives.

Principle 3: Instil a culture of Acting Lawfully, ethically and responsibly

3.1) Corporate Values; 3.2) Code of conduct; 3.3) Whistleblower Policy; 3.4) Anti-bribery and Corruption Policy

The Company has developed a separate Board Code of Conduct, Corporate Values Statement, Whistleblower Policy and Anti-bribery and Corruption Policy, which have been fully endorsed by the Board and applies to all Directors and employees. The codes and policies are reviewed and updated as necessary to ensure they reflect the highest standards of behaviour and professionalism and the practices necessary to maintain confidence in the Group’s integrity and to take into account legal obligations and reasonable expectations of the Company’s Stakeholders.

In summary, the codes and policies require that at all times all Company personnel act with the utmost integrity, objectivity and in compliance with the letter and the spirit of the law and Company policies.

The codes, policies and the Company’s trading policy are discussed with each new employee as part of their induction training.

The Directors are satisfied that the Group has complied with its policies on ethical standards, including trading in securities. The codes are available in the corporate governance section of the Company’s website.

Principle 4: Safeguard the integrity of corporate reports

4.1) The Audit and Risk Committee as at the date of this Statement consists of the following Directors:

Mr Troy Hayden (Chair of the Committee)	(Independent, Non-Executive Director)

- Review and approve the level of non-audit services provided by the external auditors and ensure it does not adversely impact on auditor independence.

In fulfilling its responsibilities, the Audit and Risk Committee:

The **Audit and Risk Committee Charter** is available in the corporate governance section of the Company's website.

The Committee met twice during the reporting period with all members present at the meeting.

4.2) and 4.3) Corporate reporting

The CEO and CFO have made the following certifications to the Board:

- That the Company's statutory financial reports are complete and present a true and fair view, in all material aspects, of the financial condition and operational results of the Company and Group and are in accordance with relevant accounting standards.
- That the above statement is founded on a sound system of risk management and internal compliance and control which implements the policies adopted by the Board and that the Company's risk management and internal compliance and control is operating efficiently and effectively in all material aspects in relation to financial reporting risks.

The Company is committed to providing clear, concise and factual disclosure of material information to all investors in its corporate reports. The Company has adopted a process for the preparation, verification and approval of corporate reports to confirm the accuracy of those reports. Information published in the Company's periodic cashflow reports (Appendix 5Bs), Half Year reports and others are prepared by the Company's external accountants.

Where information is not subject to an audit, it is verified by Senior Management and approved by the Board prior to release to the market. (This remains the case also for externally audited information).

All announcements indicate the relevant approver of releases.

Principle 5: Make timely and balanced disclosure

5.1, 5.2 and 5.3) Continuous disclosure

The Company has written policies and procedures on information disclosure that focus on continuous disclosure of any information concerning the Group that a reasonable person would expect to have a material effect on the price of the Company's securities.

The Company Secretary has been nominated as the person responsible for communications with the Australian Stock Exchange (ASX). This role includes responsibility for ensuring compliance with the continuous disclosure requirements in the ASX Listing Rules and overseeing and coordinating information disclosure to the ASX, analysts, brokers, Shareholders, the media and the public.

All information disclosed to the ASX is posted on the Company's website as soon as it is disclosed to the ASX. When analysts are briefed on aspects of the Group's operations, the material used in the presentation is released to the ASX and posted on the Company's website. Procedures have also been established for reviewing whether any price sensitive information has been inadvertently disclosed and, if so, this information is also immediately released to the market.

The Continuous Disclosure Policy is available in the Corporate Governance section of the Company's website.

Principle 6: Respect the rights of security holders

6.1) Company information via website

The Company's website allows Shareholders and Stakeholders to conveniently gain access to all current information about the Company including the Company's corporate governance policies.

6.2) Shareholder and stakeholder communications

The Company seeks to provide opportunities for Shareholders to participate through electronic means via the Company's website. The website enables Shareholders to register their email address for direct email updates. The Company understands the importance of effective two-way communications with Shareholders. Shareholders are welcome to make direct contact with the head office on any enquires they may have using the contact details provided on the website.

6.3) Shareholder participation

All substantive resolutions at a meeting of security holders are decided by poll.

6.5) Electronic communications

Shareholders have the opportunity to send electronic communications to the Company and the Company's share registry using contact details listed on the Company's website.

Principle 7: Recognise and manage risk

7.1) Risk committee

The Board, through the Audit and Risk Committee, is responsible for ensuring there are adequate policies in relation to risk management, compliance and internal control systems. In summary, the Company policies are designed to ensure strategic, operational, legal, reputational and financial risks are identified, assessed, effectively and efficiently managed and monitored to enable achievement of the Group's business objectives.

The Audit and Risk Committee as at the date of this Statement consists of the following Directors:

Mr Troy Hayden (Chair of the Committee)	(Independent, Non-Executive Director)
Mr Ian McCubbing	(Independent, Non-Executive Director and Company Chairman)
Mr Alexander Parks	(Non-Independent, Executive Director)

Considerable importance is placed on maintaining a strong control environment. There is an organisation structure with clearly drawn lines of accountability and delegation of authority.

The Company Risk Management Policy and the operation of the risk management and compliance system are executed by an Executive Director in collaboration with the Audit and Risk Committee.

The current Risk Management Policy and procedures are available in the Corporate Governance section of the Company's website.

7.2) Review of risk management

The Audit and Risk Committee together with assistance from the CFO, and ultimately the Board, are responsible for the evaluation and development of the Company's risk management.

The risk management framework is reviewed annually.

7.3) Internal audit function

The Company does not currently have an internal audit function. The Board recognises that no cost-effective internal control system will preclude all errors and irregularities. The Company's risk management and internal control system is based upon written procedures, policies and guidelines, an organisational structure that provides an appropriate division of responsibility, and the selection and training of qualified service providers and personnel.

The Company's policies are designed to ensure strategic, operational, legal, reputation and financial risks are identified, assessed effectively, and efficiently managed and monitored to enable achievement of the Company's business objectives. A number of the Company's activities are also undertaken by external consultants, given the Company's size and level of current activities, coupled with the cost benefit this currently provides the Company.

7.4) Material exposure management

The Board has adopted a risk management policy and risk management procedures. Under the risk management policy, the Board oversees the processes by which risks are managed. This includes defining the Company's risk appetite, monitoring of risk performance and those risks that may have a material impact to the business.

Management is responsible for the implementation of the risk management and internal control system to manage the Company's risks and to report to the Board whether those risks are being effectively managed. Risks and their management are monitored and reviewed annually by management.

The environment, health and safety management system (EHSMS)

The Company recognises the importance of environmental and occupational health and safety ("OHS") issues and is committed to the highest level of performance. To help meet this objective the EHSMS was established to facilitate the systematic identification of environmental and OHS issues and to ensure they are managed in a structured manner.

This system has been operating for a number of years and allows the Company to:

- Monitor its compliance with all relevant legislation.
- Continually assess and improve the impact of its operations on the environment.
- Encourage employees to actively participate in the management of environmental and OHS issues.
- Work with trade associations representing the Group's businesses to raise standards.
- Use energy and other resources efficiently.
- Encourage the adoption of similar standards by the Group's principal suppliers, contractors and distributors.

The categories of risk reported in the annual report are: market risk, credit risk and liquidity risk.

Principle 8: Remunerate fairly and responsibly

8.1) Remuneration Committee

The Remuneration Committee as at the date of this Statement consists of the following Directors:

Mr Ian McCubbing (Chair of the Committee)	(Independent, Non-Executive Director and Chairman)
Mr Troy Hayden	(Independent, Non-Executive Director)

With the increase in the Board to five directors on 6 September 2024, the Board will re-assess the need and composition of the Remuneration Committee during the current financial year.

The Remuneration Committee operates in accordance with its charter. The Remuneration Committee advises the Board on remuneration and incentive policies and practices generally, and makes specific recommendations on remuneration packages and other terms of employment for Executive Directors, other Senior Executives and Non-Executive Directors.

Each member of the Senior Executive team signs a formal employment contract at the time of their appointment covering a range of matters including their duties, rights, responsibilities and any entitlements on termination.

The Remuneration Committee Charter is available in the Corporate Governance section of the Company’s website.

8.2) Remuneration policies and practices

Further information on Directors and Executives remuneration, including principles used to determine remuneration, is set out in the Directors’ Report under the heading “Remuneration Report” found in the Company’s Annual Report.

8.3) Equity based remuneration scheme

¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.
