Sun Expands to 8,347 Acres of Delta Oil Project in Texas, USA

- Sun Resources secures 7th tranche of leases along trend of the Eagle Ford Shale Fairway, expanding its holding to 8,347 net acres in the Delta Oil Project

The Board of Sun Resources NL (“Sun Resources”, “Sun” or “the Company”) is pleased to provide an update on positive developments with respect to Sun’s Delta Oil Project, Texas. Sun Resources now controls a 100% working interest in 8,347 acres of leases in the Delta Oil Project in Leon County, Texas, USA, along trend of the prolific Eagle Ford Shale oil and gas fairway. Sun is continuing to work with the vendor to complete the acquisition of the target 10,000 acres, subject to completion of due diligence.

Sun Resources looks forward to providing further updates to shareholders as the acquisition is progressed over the coming weeks, and as the company progresses towards development of the Delta Oil Project.

This news release shall not constitute an offer to sell or the solicitation of an offer to buy securities in the United States nor shall there be any sale of the securities in any jurisdiction in which such an offer, solicitation or sale would be unlawful. The securities offered have not been, and will not be, registered under the United States Securities Act of 1933, as amended (the Securities Act), or any state securities laws and may not be offered or sold in the United States or to U.S. persons (as defined in Regulation S under the Securities Act) except in compliance with the registration requirements or an applicable exemption from the registration requirements of the Securities Act and applicable state securities laws.

This document contains forward-looking statements which reflect management’s expectations regarding expected target dates. These forward-looking statements relate to, among other things, the expected closing dates of tranches 1 and tranche 2, and the closing date of the acquisition, and can generally be identified by words such as “will”, “expects”, “intends”, or similar expressions. In addition, any statements that refer to expectations, projections or other characterizations of future events or circumstances are forward-looking statements. These statements are not historical facts but instead represent management’s expectations, estimates and projections regarding future events. Statements relating to “reserves” or “resources” are deemed to be forward-looking statements, as they involve the implied assessment, based on certain estimates and assumptions that some or all of the resources and reserves described can be profitably produced in the future.

Although management believes the expectations reflected in such forward-looking statements are reasonable, forward-looking statements are based on the opinions, assumptions and estimates of management at the date the statements are made, and are subject to a variety of risks and uncertainties and other factors that could cause actual events or results to differ materially from those projected in the forward-looking statements. In addition, if any of the assumptions or estimates made by management prove to be incorrect, actual results and developments are likely to differ, and may differ materially, from those expressed or implied by the forward-looking statements contained in this document. Such assumptions include, but are not limited to, general economic, market and business conditions and corporate strategy. Accordingly, investors are cautioned not to place undue reliance on such statements.

All of the forward-looking information in this document is expressly qualified by these cautionary statements. Forward-looking information contained herein is made as of the date of this document and Sun Resources disclaims any obligation to update any forward-looking information, whether as a result of new information, future events or results or otherwise, except as required by law.
